Riding the Waves of Success: Yesterday, Today and Tomorrow

Thursday, June 19, 2008

Moderator: Dr. Brian Kucey

8:00 am–8:10 am

Opening Remarks

8:10 am–8:50 am

Stephen M. Parel, DDS, FACP

The Evolution of Angled Implants

8:50 am–9:15 am

Jean Francois Bedard, DMD

*Enhanced Treatment Protocols for Ultimate Outcomes
with Single Implants*

9:15 am–9:35 am

Brien Lang, DDS, MS, FACP

*Stress Magnitudes and Distributions within the Implant
Complex and Adjacent Bone Following Assembly of the
Implant Complex and Loading*

9:35 am–10:00 am

Lambert J. Stumpel, DDS

*Cast Based Guided Implant Placement:
Planned Precision*

10:00 am–10:30 am

Break

Scientific Program

Moderator: Dr. Terry Tanaka

10:30 am–11:00 am

Harold C. Slavkin, DDS

*Nanobiotechnology Meets Clinical Dentistry
in the 21st Century*

11:00 am–11:20 am

Shinya Ueda, DMD

*Clinical Study of Occlusion and Respiration
during Sleep*

11:20 am–11:40 am

Steven J. Sadowsky, DDS, FACP

*The Maxillary Implant Overdenture:
A High Risk Venture?*

11:40 am–12:40 pm

Resident Presentations:

Motoaki Ishibe, DDS (UW)

*In Vitro Evaluation of the Flexural Strength and
Microstructure of Pressable and Layering Ceramics
for Zirconia-based Restorations*

Dean E. Kois, DMS (UW)

*A Comparison of Various Preparation Designs for
Adhesively Retained Posterior Ceramic Onlays:
a Fatigue Load Study*

Samantha Truong, DDS and Veronica Alvarado, DDS
(WLAVA)

*Survey of US Dental Schools and Implant Manufacturers
of Dental Cements Used in Implant Dentistry*

Sukhamani Singh, DDS (UCSF)

*The Influence of Both E-Glass Fibers and Acrylic Resin
Thickness on Fracture Resistance of Implant Supported
Overdentures*

Scientific Program

Ryan C. Wallace, DDS (WLAVA)

Pantography: An Anachronism or Clinical Necessity

Friday, June 20, 2008

7:00 am–8:00 am

Annabel Chotzen

Strategies for Effective Communication

Moderator: Dr. Amerian Sones

8:00 am–8:05 am

Opening Remarks

8:05 am–8:45 am

Alexandre Aalam, DDS and Mamaly Reshad, DDS

*Treatment Planning in Implant Dentistry:
The Perio-Pros Connection*

8:45 am–9:05 am

Mark Montana, DDS

What I do is...

9:05 am–9:25 am

Yoshihiro Goto, DDS

*The Prosthetic Design for the Edentulous:
Minimizing a Risk of Maintenance Issues*

9:25 am–9:45 am

Brad Patrick, CDT

*Lower Anteriors: The Functional-Esthetic
Challenge of Restoring*

9:45 am–10:05 am

Stephen Ancowitz, DDS, FACP

The Rotational Path: An Important Tool in Your Tool Box

Scientific Program

10:05 am–10:30 am

Break

Moderator: Dr. Robert Gillis

10:30 am–10:50 am

Michael Lum, DDS

A Multidisciplinary Approach: The Management of Amelogenesis Imperfecta

10:50 am–11:15 am

Roy Yanase, DDS, FACP

Success, Survival, Complications and Retreatment: A 33-Year Retrospective Study

11:15 am–11:45 am

Harel Simon, DMD

Esthetic Fixed Reconstruction of the Edentulous Patient: Reality or Myth?

11:45 am–12:25 pm

Charles J. Goodacre, DDS, FACP and
Shane White, BDentSc, MS, MA, Ph.D.

Tooth Retention Through Root Canal Treatment or Tooth Replacement Using Implants or Fixed Partial Dentures: Which One is Best?

12:25 pm–12:35 pm

Graduate Student Awards

12:35 pm–12:40 pm

JPD Announcement

12:40 pm–12:50 pm

Fred Gulik Award

Scientific Program

Saturday, June 21, 2008

Moderator: Dr. Glen Johnson

8:00 am–8:05 am

Opening Remarks

8:05 am–8:25 am

Peter Johnson, DMD, FACP

*The Significance of Traditional Removable Prosthodontics
in the Age of Implants*

8:25 am–8:55 am

Masao Yamazaki, DDS

*Clinical Guidelines for Managing Complex Restorative
Treatment*

8:55 am–9:15 am

Robert Tupac, DDS, FACP

*Resonance Frequency Values Used: to Compare Two
Implant Systems: A Surprising Result of Prosthodontic
Significance*

9:15 am–9:35 am

Tommy Yamashita, CDT

*New Implant Abutment Design Concepts in the
Maxillary Anterior Esthetic Zone*

9:35 am–9:55 am

Mats Kronström, DDS

*The Mandibular Overdenture: Treatment Concepts,
Outcomes, and Patient Satisfaction*

10:00 am–10:30 am

Break

Scientific Program

Moderator: Dr. Jamie Kaukinen

10:30 am–11:00 am

Richard Kinsel, DDS and Daniel Capoferri, CDT

A Simplified Method: Develop Optimal Gingival Contours for the Single Implant-Supported, Metal-Ceramic Crown in the Esthetic Zone

11:00 am–11:40 am

Kenneth Malament, DDS, MScD, FACP

Integration of Esthetic Dentistry and Prosthodontics

11:40 am–12:20 pm

Markus Blatz, DMD, Ph.D.

New Horizons in Prosthodontics

12:20 pm–12:30 pm

Introduction to next year's meeting and closing remarks

Alternate Speaker:

Parviz Azar-Mehr, DMD

Preservation of Soft Tissue Integrity in the Esthetic Zone for Implant Treatment
